WINDOW MEASUREMENTS FORM

Gypsy's Palace always recommends an appointment with their installer for professional window measurements. However, measurements completed by you are an excellent beginning as you work with a *Gypsy's Palace* drapery designer. Please use a metal measuring tape.

A to B – Window Width including frame: _____”

D to E – Length from top of frame to top of sill: _____”

F to G – Distance from top of frame to floor: _____”

H – Distance from top of frame to ceiling: _____”

J -Distance from Left side of frame to wall: _____”

K -Distance from Right side of frame to wall: _____”

Type or write in your measurements, print them out and bring them to the *Gypsy's Palace* showroom to begin your decorating project.
